* Required

Email *

sila.ozel@ug.bilkent.edu.tr

Name of the Project *
Aim for a short, unambiguous, and memorable title for your project/team.
Your project name should reflect what makes your project unique.

Para-Meter

One paragraph description of the project *
You should write an high-level summary of your project. It must be very-well written and checked many times. Avoid going deep into details or background of the problem you volunteer to solve. Remember the elevator speech and pitching concept, use it.

Our project is a customizable portfolio optimization tool that utilizes machine learning models. Users can choose among various machine learning algorithms, integrate their data source to train our models, set their risk and return preferences, create their custom features, or choose from a predefined set of features to customize the optimization process. Our tool will give flexibility to the users, and it will have a user-friendly interface, which will spare them from writing code or dealing with technical details.
